

# YVAC Certification

Earn certification in a powerful, practical toolset  
for measuring and developing EQ for youth and adults.

**Virtual course.**

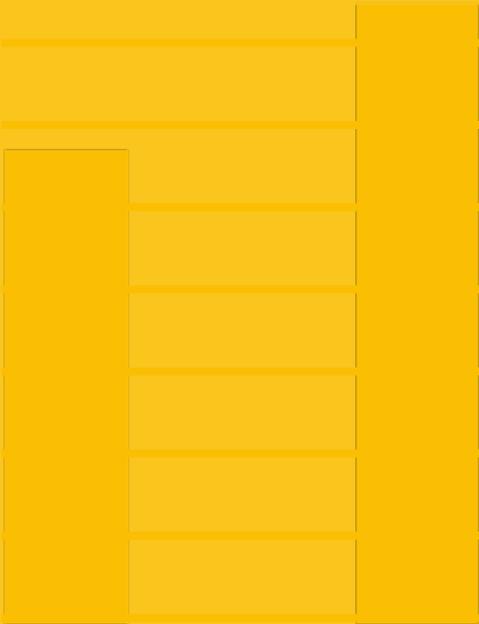

# YOU GET WHAT YOU MEASURE

# CLEAR DATA IS INVALUABLE IN EDUCATION:

This certification introduces participants to Social and Emotional Learning (SEL) and its demonstrated importance in educational development. Participants will study the Six Seconds' benchmarks for integrating SEL into a school setting and understand the value of assessments for adults and youth, for integration into curriculum, for classroom climate, and school culture.

While there are many tools to measure academic growth, there are few that focus meaningfully on the emotional side. To lead positive change in schools, and to create an evidence-based approach to social emotional learning (SEL), the Six Seconds metrics are key to develop student, teacher, administrator, and parent emotional intelligence.

# YOUTH VERSION ASSESSOR CER

# TIFI

# CAT

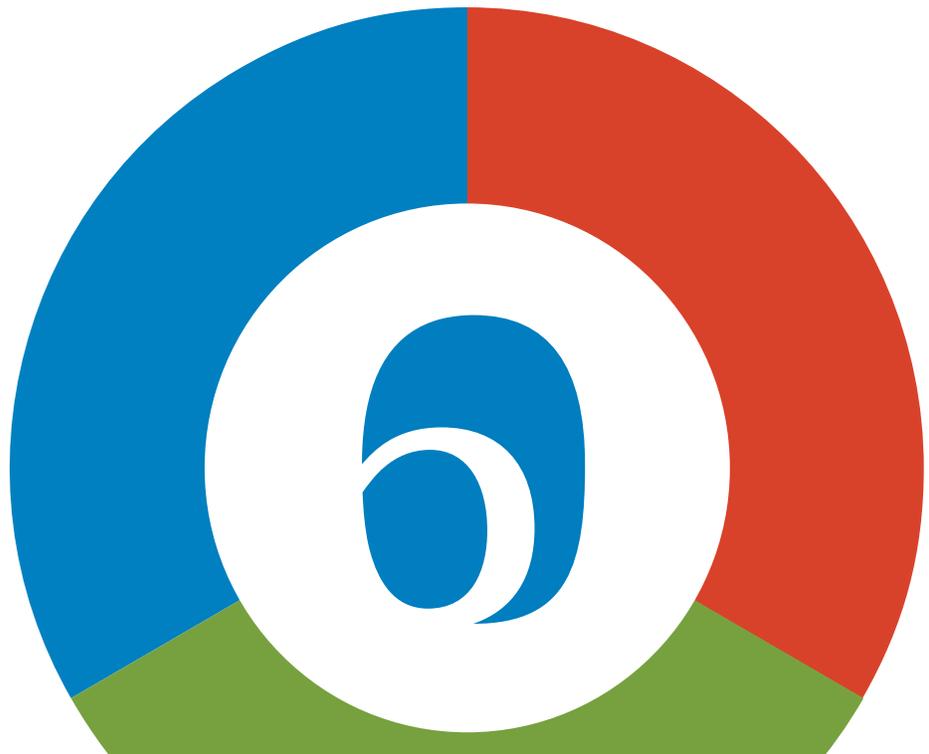

# ION

The **Youth Version Assessor Certification (YVAC)** allows you to administer Six Seconds' normed, validated assessment tools including:

SEI-YV: For youth ages 7-18

P-YV: Perspective on youth (any age) by adults

These robust tools are powerful because they blend serious science with a practical, easy-to-apply framework. See more about these on the next page, or read about the tools on [6seconds.org](http://6seconds.org).

# YVAC

## TAKE AWAYS:

1

### SEL Model

Learn the powerful Six Seconds EQ Model and Social Emotional Learning process for education.

2

### Applied Research

Social and Emotional Learning benefits, research and applications

3

### Complete Assessment Training

Be able to deliver, interpret, and debrief the SEI-YV and pYV assessments.

4

### Confidential and Secure

The unique challenges of youth assessments and the need to examine confidentiality and informed consent.

5

### Effective Implementation Plan

Developing a practical implementation plan leveraging the SEI-YV and the pYV to increase youth, family, and school effectiveness.

6

### Measurement Tools You Can Use

Develop insight on how to use the tools in your work to create an evidence-based approach to social emotional learning / EQ development.

YVAC is ideal for **consultants, trainers, counselors, coaches, and educators** working in elementary through higher education and in community organizations/agencies. The course is relevant for all Six Seconds EQ Assessors seeking tools to help young people – and those who support them – put emotional intelligence into action.

# WHO SHOULD ATTEND?

“

**The practical demonstration of emotional intelligence competencies and clear explanations of research have helped me gain confidence and feel energized to implement SEL at my school.**

**Meghan Magillian, Counselor,  
Sacred Heart School**

”

**The Six Seconds emotional intelligence model has been central in establishing healthy cultures in two schools I have had the pleasure to administrate. The question for educators today is not whether we should implement EI training into our schools but how we can make it the focus of building our culture.**

**Ed Woodd, Charter School, Principal**

# The YVAC Toolkit

Where other assessments provide “diagnosis,” these tools offer insight, plus a powerful framework for putting emotional intelligence into action.

## SEI-YV

The best-in-class tool for measuring and developing emotional intelligence in youth (ages 7-18). The tool measures EQ linked to life outcomes: Good Health, Relationship Quality, Life Satisfaction, Personal Achievement, and Self-Efficacy.

## P-YV

This tool gives an adult’s perspective about a child’s EQ competencies. An adult fills in the questionnaire for the child. Then, the report is generated to help synthesize those insights.

## Additional Ed Certs BPC & EVS

Brain Profiles (BPC) brings “Brain Styles” into focus for youth and Educational Vital Signs (EVS) measures the school climate. Both tools can enhance implementation for school change models.

## Six Seconds Benchmarks

Complete framework for implementing SEL in schools

## Edu Starter kit

Resources to help introduce SEL and YV assessments into the educational setting including case studies and applications.

## e-Learning

Modules with excellent resources to help to complete the course

YVAC completion comprises 2 virtual classes of 90 minutes/each and one 60 minute practice session with your facilitator for 2 youth debriefs and 1 pYV debrief, pre-course work and completion of e-Learning modules.

# DO I HAVE TIME FOR THIS COURSE?

## Learn from your desk in our online classroom

- 1 hour of e-learning independent work before each class.
- Two online meetings (90 min each)
- 1h 1-1 Practicum with facilitator
- 4 hours of additional independent work including two debriefs with clients

“

**The Six Seconds faculty is connected to changing the world one person at a time. This work is the future.**

**Sheryl E. Cohen, Ph.D., Director,  
Stephens S Wise Temple Early Childhood Center (LA, CA)**

# I'M READY TO REGISTER!

## Registration & Contact

Pre-requisite: Unlocking EQ - EQ Assessor Certification

Register online:  
[www.6seconds.org/reg/](http://www.6seconds.org/reg/)

Full Schedule:  
[www.6seconds.org/events](http://www.6seconds.org/events)  
for upcoming classes

Course fee: €/\$395
